

When it comes to engineering the future of Michigan, Crain's covers all the angles.

“ The world as we know it is reinventing itself daily. *Crain's* is a front row seat to the action. We've partnered with *Crain's* because they give our members the information and tools to be successful in this changing economy. And in return they help the Engineering Society of Detroit continue to grow and be a strong and vibrant community. ”

Darlene Trudell
Executive Vice President
The Engineering Society of Detroit

For a precision-engineered marketing buy, factor *Crain's* into the equation. To learn more about our special reach and frequency packages, call (313) 446-6052 or e-mail us at advertising@crain.com.

Get into what they're into.
