Exhibit space cost and payment terms are stated in this contract, and all payments are non-refundable. In the event of total or partial cancellation (space size reduction) by Exhibitor, the Booth Fee will not be reduced or refunded, and the total amount will be due.

If Exhibitor fails to pay the entire Booth Fee at the times specified, or fails to comply with any of the terms and conditions or rules and regulations, Management may reassign the booth location reserved for Exhibitor and/or may resell that booth location to another party. The entire Booth Fee must be paid in full prior to move-in of the exposition.

If Exhibitor cancels or breaches this agreement for any reason whatsoever, in addition to whatever rights Management may have under applicable law, any payments made by Exhibitor prior to the date of termination shall be retained by Management as liquidated damages and not as a penalty. Management and Exhibitor agree that such amounts constitute a reasonable provision for liquidated damages. Exhibitor shall also be liable for any payments required to be paid but not paid as of the date of cancellation or breach of this agreement.

If the exposition is cancelled or is not held for any reason whatsoever, then this agreement shall be cancelled. Exhibitor's sole and exclusive remedy shall be to receive a refund for all amounts Exhibitor has actually paid on account of this contract.

4. No Assignment or "Subletting" of Space

Exhibitor may not assign this contract and may not permit or "sublet" all or any part of its assigned booth space to be used by any other business or firm, unless Management has given prior written approval. Any such assignment, permission or "sublease" without Management's prior written approval shall be null and void.

7. Exhibit Rules and Regulations

Exhibitor will be provided with an Exhibitor Kit included with this form. The Exhibitor Kit and all rules and regulations included herein will become part of this contract. The Exhibitor Kit describes the type and arrangement of exhibit space, the standard equipment provided by Management and rules governing the construction of displays. All booth space must be arranged and constructed in accordance with the guidelines, provisions and limitations contained in the Exhibitor Kit. If, in the sole opinion of Management, any exhibit fails to conform to the guidelines, or the provisions set forth herein, such exhibit will be prohibited from functioning at any time during the exposition.

Any questions concerning the rules and regulations should be directed to Tim Walker or Ramona Spencer at The Engineering Society of Detroit (ESD).
