ESD/MWIA 22nd Annual Solid Waste Technical Conference

CALL FOR PRESENTATIONS

This one-day conference is designed to educate attendees on emerging technologies and regulatory changes that affect the solid waste industry. It will bring together national experts to present on issues at the forefront of solid waste management.

You are invited to take an active role in this event by submitting a presentation proposal addressing any of the following topics that relate to the 2012 theme and overall objective of the conference:

- TOPICS:**
- Landfill Gas Control and Management
 - Liquids Management
 - Landfill Design, Construction and Operations Case Studies
 - Waste Conversion Technologies

SUBMISSION INSTRUCTIONS:

- Submit an abstract of your oral presentation that:
 - Is no longer than 250 words
 - Clearly presents a topic that is related to the Solid Waste industry
 - Outlines the benefits attendees will take away from your presentation
- Email your abstract in pdf (Adobe Acrobat) or Microsoft Word format along with a title, author affiliation and e-mail address to Tim Walker at twalker@esd.org by Friday, October 28, 2011

If your presentation is accepted, you will be notified of your acceptance by Friday, November 4, 2011.

INDUSTRY PROFESSIONALS, DON'T MISS THIS UNIQUE OPPORTUNITY TO:

- Network with top local specialists and professionals in the field
- Hear from leaders in the industry about the latest technology & regulatory information
- Find out from industry leaders about emerging technologies & regulatory changes impacting the solid waste industry
- Learn from presentations & case studies on solid waste management issues
- Gain information from presentations addressing current issues & changes impacting the waste industry
